

Annual Report 2017

#Impact2017

Our causes

What moves us?

Creation and management of processes and services to enhance **empowerment** and strengthen people's active role in the generation of social **equality** and personal and **collective** welfare.

Mission

Vision

Leading and promoting organisation in the third sector model.

The values of ABD:

- ♥ Ethics and transparency
- 🔧 Professionalism
- ✏ Creativity and coexistence
- 🚩 Social commitment and defence of rights
- 🏆 Objectivity and accreditation

Figures

- > **1.185** professionals
- > **457** volunteers
- > **17.213.288 €** economic volume
- > **83** services and programs
- > **7** international programs implemented
- > **68** participation platforms
- > **96.798** people assisted

“We work according to Strategy 2018 - 2021”

Drugs and Health

**Not every substance use pattern
has the same risk**

Our interventions take into account the **person**, their immediate context and the **community**. We work on the prevention and reduction of risks with **young people** and on the reduction of damages and treatment in the population with problematic **drug use**.

19 national and international alerts of toxic substances

913 treatment beginnings

**‘8.343 young people
tended prevention
workshops’**

Childhood, Families and Gender Equality

**Healthy intimate environments
promote good development**

Through **family-oriented** programs we seek healthier environments that guarantee the **protection** of children. We respond to gender-based violence through **awareness** and training for young people and by empowering women who are pursuing **recovery processes**.

802 female victims of gender-based violence attended

#Preinfant.org #LGBTI+phobiaPrevention

Social Vulnerability

**Inequality is multidimensional,
as is our response to it**

[#comunitatactiva.org](https://comunitatactiva.org)

[#energiajusta.org](https://energiajusta.org)

39% of people in social and labor-market integration programs find a job

We focus our efforts according to the axes of **exclusion** and disparity with a **global perspective**: employability programs, reception of newcomer migrants, **intercultural mediation** to promote **social cohesion**, housing and basic needs support, such as energy.

Elderly people and
intellectual disability

Dependency

Person-centered services in residential and day care centers for the elderly, **homecare** services and promotion of autonomy for elderly people in **assisted-living** housing. We promote the abilities and the personal and social **development** of people with disabilities in occupational centers, residences and day care centers.

‘1.351 young people in workshops for good treatment of the elderly’
