

HOW TO FILE A FREEDOM OF INFORMATION REQUEST

This workshop will provide you with a unique opportunity to **learn how to lobby for good** and discover the **advocacy tools** available to you to bring meaningful change in your community.

In the second half of the event, you will learn **how to file a Freedom of Information request**. Throughout the years, freedom of information requests shaped the political debate at national and EU level by fostering the accountability of the public administration and as such they represent a valuable tool for an effective advocacy strategy.

The training will be provided by **Onno Brouwer**, lawyer from Freshfields Bruckhaus Deringer and **Helen Darbshire**, Right to Information Activist and Founder of Access Info Europe.
